PEACE AND JUSTICE

GD7GRaise the cry for peace and justice, let the people sound the callCGD7GJustice for our battered country. Peace for one and peace for all

Chorus: G D7 G Peace and justice are our watchwords. Peace and justice is our call C G D7 G Peace and justice for our people. Peace for one and peace for all Tell the RUC and the English soldiers, the UVF and the IRA Guns can't silence all the people calling out for peace to light another brand new day

In Armagh, Belfast and Derry, people walking hand in hand Cry with love and heartfelt yearning, "Help us heal our broken land"

Man's injustice to his neighbour, for too long has been our fate Practice love and understanding, all we need to hate is hate

Though the road be rough and rocky and the problems mountain high Hold your hand out to your neighbour And we'll all find peace and justice by and by

We must all sit down together share our hopes, our joys, our fears Understanding and forgiveness will dry up our country's tears

Every day that peace continues, hope will help to ease the pain Sisters, brothers understanding will make our land a nation once again
